BLADE

Design Mamoli R&D

La collezione Blade si distingue per il suo design slanciato ed essenziale, con un corpo affusolato ed allungato perfettamente raccordato alla sottilissima bocca a lama. Questa geometria elegante bilancia estetica e funzionalità, rendendo Blade uno dei rubinetti più snelli e innovativi sul mercato. La sua presenza minimalista lo trasforma in un elemento centrale per chi cerca uno stile moderno e pulito, perfetto per ambienti contemporanei.

The Blade collection stands out for its slender and essential design, with a tapered and elongated body perfectly connected to the very thin blade-shaped spout. This elegant geometry balances aesthetics and functionality, making Blade one of the slimmest and most innovative taps on the market. Its minimalist presence turns it into a central element for those looking for a modern and clean style, perfect for contemporary environments.
